With the Budget now being 15 months, discussion was held on the amounts groups were requesting. On behalf of the Belfast Area Watershed Group, Scott Roloson had sent a number of emails regarding their future plans but due to a previous commitment he could not attend. Andy Henry explained their plans, meetings with residents, and answered Councilors questions.

On behalf of the Pinette Raceway, Joanne Vessey made a passionate speech on the needs of this racetrack that has been in our community for over 50 years.

The Belfast Rural Community Fire Company, in order to comply with the new MGA, submitted an amended budget for the 15 month period.
